THIS RECESS

In term 2, there was a great interest in paper airplanes. Now, in term 3, many kids have decided to start digging a hole to China/escape school. On the field, most people are playing hockey. On the playground, most people are playing tag or Among Us, and most of the time they are playing woodlice finding.

Woodlice finding is a game where you find woodlice and keep it as a pet (among us is a game where you play a series of tasks to find the imposter). As you can see, there are a lot of fun activities going on around our school. The most popular ones right now are hockey and woodlice finding. Most students enjoy these activities because it helps them be active and have fun. Most people love lunchtime better because they get to fill their stomachs with delicious food that their parents made for them.

BRAWL STARS AND ROBLOX

Brawl Stars has taken over UHS, becoming the go-to game for older students during their free time. With a massive lineup of 101 Brawlers to unlock, there is always a new character to master or a new strategy to try out with friends. The game is perfect for school breaks because the matches are quick and intense.

You'll often see groups of students huddled together, coordinating their moves in Brawl Ball or competing to see who can climb the highest on the trophy road. This friendly competition has turned the game into a major way to have fun in your free time, where unlocking a rare Brawler or hitting a new rank is a huge deal among the upper classes.

Roblox is another highly popular game at our school among the younger kids. But this game is nearly dead among older students because it was designed to be popular only among ages 5-10, as it's filled with tons of trash, cringe, and brain-rotting games that no older kid would like to play.

Also, there are rarely any games in Roblox that are actually good and not cringe or brain-rotted. Roblox is another highly popular game at our school among the younger kids. Most older students have just moved on to real gaming on PCs or consoles.

They'd rather use Steam or Discord than dig through a pile of trash games to find one decent one. For them, Roblox isn't a platform anymore; it's just a place for little kids that they've outgrown.

MY RECCOMENDATION

THE BOOK I AM READING IS FUN, BUT IT WASN'T THAT ENJOYABLE. RIGHT NOW, I BOUGHT A BOOK CALLED 21%

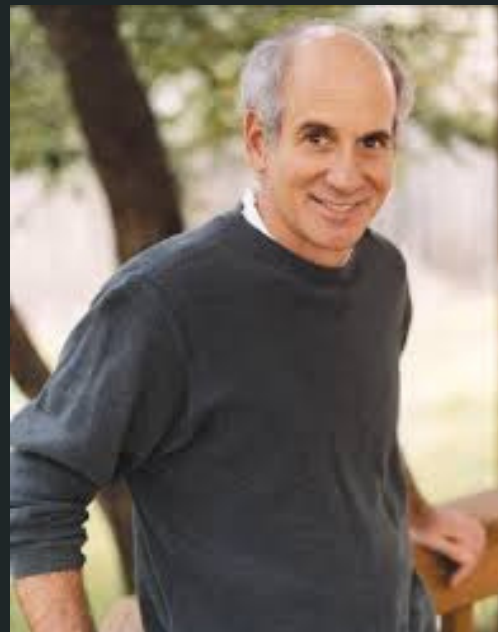

MONSTER BY P.J. CANNING. I RECOMMEND THIS FICTION BOOK.

BUT I PREFER LOUIS SACHAR'S BOOKS LIKE SMALL STEPS, THE BOY WHO LOST HIS FACE, AND HOLES, THE AUTHOR'S BEST-KNOWN BOOK.

I PREFER THE LOUIS SACHER BOOK BECAUSE OF THE SUSPEND THEY GIVE ME BUT ON THE OTHER HAND P.J.CANNING HAS LESS SUSPEND
